**[www.chipps.eu](http://www.chipps.eu)**

Fresh cuisine seven days a week, with a focus on seasonal and regional ingredients - that is what CHIPPS is all about. We convince with high-quality, freshly made dishes: whether it's breakfast for a high-energy start to the day, a light lunch or a special dinner. Meat and fish feature on our menu as side orders, are prepared separately and served on an extra plate.

As well as the menu's set dishes, we also offer CHIPPS Select, which focuses on the mix-and-match principle: with a choice between different ingredients such as a pasta sheet, a hash-brown style potato CHIPP, fresh vegetables, sauces, dressings and toppings, our diners can compile their own dish according to their own taste, either as a main course or as a salad.

**CHIPPS N°1 on Jägerstrasse**

Our first CHIPPS on Jägerstraße has been open since April 2010 and is situated in a quiet yet central location in the heart of Berlin-Mitte. High panoramic windows look out onto the grassy verge behind the Foreign Office. Diners can enjoy their meals on the sunny terrace: weather permitting.

### **The belly of Berlin**

Opened in 1965, the Berliner Grossmarkt, covering an area of app. 330.000 square metre, is now an important centre of trade. Top-quality fruit, vegetables, meat, fish and convenience products of all types are vended at Berliner Grossmarkt.

More than 300 resident retailers, who gain app. € 1 billion per year, make the "Belly of Berlin" one of the most important warehouses in Germany.

The Berliner Grossmarkt's wide range of foodstuffs provides edibles for a populous region: The trading area includes not only the German capital of Berlin but also the federal state of Brandenburg as well as parts of Saxony, Saxony-Anhalt and Mecklenburg-West Pomerania - comprising nearly six million people.

Consumers making use of this opportunity include not only retail sellers and vendors at farmers' markets, but also hotels and restaurants as well as large-scale consumers such as hospitals, asylums, snack bars and cafeterias.

The philosophy of Restaurant TIM RAUE is to serve Asian-inspired cuisine which can be characterised as a combination of Japanese product perfection, Thai aromas and Chinese cooking philosophy.

Only dishes that provide energy and vitality, and which do not burden the body unnecessarily, are served. We therefore avoid side dishes such as bread, pasta and rice as well as white sugar, dairy products and gluten.

The menu includes RAUE classics such as "pink shrimps with Chinese rose wine and shiso", "Peking duck interpretation" and "diamond label beef with beetroot and Madagascan pepper".
